BORN—To Mr. and Mrs. Gleim Beamer on Wednesday Nov. 5th 1919 a son.

The Ladies Aid meet at the home of Mrs. C. B. Horsch on Wednesday next.

Wedding Bells

On Nov. 11th, 1919, Mr. Robert Roy Brown and Miss Vae Florence Ingalls were married at the home of Mr. and Mrs. George Evans Monitor. Rev. John L. Wright officiated. The bride looked charming in emerald and champagne colored crepe de chene. The happy couple were present at the G. W. V. A. dance in the evening and have now proceeded to their new home near Sounding Lake.

Leave your orders for Frozen Herring at the Monitor Meat Market—\$8 per hundred.

The O. N. O. Club meets next Wednesday in the school.

The 1919-20 schedule for Monitor Curling Club will be published in next week's issue.

Farmers can now procure their participating certificates by calling at the Elevator.

Col P. J. Daly was a distinguished visitor here this week.

Mohitor Branch of the G. W. V. A. hold their next meeting on Sat. November 29th. All Comrades are earnestly requested to be present.

Owing to unavoidable circumstances, we are unable to publish the report of the Armistice Day celebration, and G. W. V. A. Dance this week. This will be published in next week's issue. Buy Victory Bonds, and get the Gun for Monitor.

To avoid misrepresentation we publish hereunder the names of the various winners of the various Victory Bonds won by the "Capsule" method.

1. \$50 Bond. Mr. T. Watson.
 2. \$50 Bond. Mr. R. Fawcett.
 3. \$100 Bond. Mr. T. Watson.
 4. \$100 Bond. Mr. T. Stewart.
 5. \$100 Bond. Mr. C. Parry.
 6. \$100 Bond. Mr. J. Martin.
 7. \$100 Bond. Mr. J. Glancey.
 8. \$500 Bond. Mr. O. Johnson.
- Mr. Thompson won the \$2 Cash bond. The Judges in the various events, were all disinterested persons and absolute fairness was used in all drawings.

Why wait until you have a fire before you think of Fire Insurance? More poverty has been caused by neglect in this very vital matter than is ever thought of. Take out a Policy NOW. Call at the News office and see us. No delay.

Mrs Howard Evans left on Monday for Moyerton Alberta, after spending a visit with her mother-in-law Mrs G. C. Evans.

Rev. J. L. Wright Returns

On Friday last the Rev. John L. Wright returned from Overseas service, accompanied by his bride whom he married in Scotland. The Rev Wright had 6 mos. military training in Toronto in 1914-1915, but being unable through sickness to go over at that time, he returned to Monitor, and carried on the work of a pastor. In the spring of 1917, Mr. Wright left for overseas service in the Army Medical Corps, but was later transferred to the Infantry, where he became a "sniper". Early in 1918, exposure brought on the Trench fever, and he was taken back to No. 13 General hospital. After being in hospital for 2 months, he pronounced unfit for service in the trenches and was transferred to the Y. M. C. A. work. While in this branch, he had charge of the "Y" at Berlin, Aubigny and Arras. In the spring of 1919 he crossed back to England and attended the Khaki University. In July 1919, Mr Wright was married to Miss A. M. Ross, at Edinburgh Scotland.

Mr. and Mrs. Wright have suffered considerable delay in getting back home again, and they are not at all sorry to be here. Mr. Wright will engage in pastoral work in Monitor, Kirriemuir and district.

The citizen of Monitor extend to the Rev. Wright and his charming bride the best wishes for a happy future and trust that they will long continue to reside amongst us.

HOW'S THIS

The following appeared in the Edmonton Bulletin of Nov. 12: "Altario wins honor flag"

At 4 p.m., Thursday, Nov. 13th not one cent has been received from Altario or any one in it!

Our Readers will remember the flag Altario won once before—and its color. Further comment is superfluous.

Friends. There's only forty days left to Christmas time. It takes 15 days for a letter to get to the Old Country from here. Have you got your greeting Cards yet? Remember we have a dandy line of cards. Also some beautiful lines of stationery. A full line of toys, toys AND TOYS. Toys by the hundred for young and old. Perfumery, Kodaks and Supplies. KENNEDY DRUG COMPANY

CHURCH NOTICES

CHURCH OF ENGLAND.

REV. W.S. WICKESDEN, B.A., L.T.H. PASTOR.

Next Sunday being the Sunday after the anniversary of the signing of the Armistice, a special service will be held in St. Laurence Church at 7.30 at which appropriate praises and thanksgiving will be offered. Music will include "O be joyful in the Lord" and the Anthem "Incline Thine Ear, O Lord". A hearty invitation is given to the Great war Veterans, and to the general public.

Sunday School as usual at 12 noon.

On Sunday Nov. 16 Rev. J. L. Wright will preach in St. Laurence Church Monitor at 3 p.m. The service will be planned to commemorate the first anniversary of the signing of the Armistice. Subject "Strengthen the things that remain." Miss Carroll, will sing, "A Little While. Everybody welcome. A special invitation to visitors and people outside town.

Rev. J. L. Wright will conduct Divine Worship on Sunday next at 10.12 noon, Monitor 3 p.m. add Kirriemuir 7.30.

Last Wednesday Philip Frondorf appeared before P. Meath, Esq., J.P., charged with having a still in his possession, contrary to the Inland Revenue Act. The accused was found guilty and fined \$300 and costs. The same man was fined 10 berries and costs for having a shot gun in his possession, contrary to the War Measures Act. W. G. McKenzie for the prosecution and E C Locke for defendant.

We are on the Last Week of the drive. Let us make it a hummer. Keep Alberta on the map. Sir Henry Drayton in his speech at Edmonton on Friday said:

"On the right we have Organised Labor solidly behind the Loan; on the left Capital is subscribing in huge sums; the centre which represents the People is the weakest spot.

Therefore for this week let us all concentrate on the \$50 and \$100 subscriptions. By using the Bank instalment cards and paying 10% down and 10% monthly every citizen can become a bond holder and in Canada's interest this is most important.

For the final tug-of-war, ALL TOGETHER, workers."

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."—Mrs. JAS. ROHRBERG, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrborg's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Co-operation In Politics Predicted

The following article is an interesting prediction as to the solution of the political situation, by an independent, but close student of political matters—

The result of the Ontario elections held recently have aroused Dominion-wide interest. Much conjecture prevails as to the ultimate outcome of the groups of parties elected which will necessitate a realignment politically before a stable Government can be formed.

The success of the Farmers' party, whereby they secured the largest group numerically, at once puts that party in a leading position and entails upon its members important responsibilities of government. There should be no valid reason why that party should not call to its aid support from other groups, and organize a Government to carry on the affairs of the Province. There is no great gulf, for instance, between the views of the average Farmer member for a mixed rural and small town constituency, and the Liberal member for a similarly comprised riding. The Provincial Legislature is a magnified county council, and, aside from extreme or faddist members, sufficient unity to carry on a stable progressive Government should not be difficult to secure.

One feature, however, that may tend to prevent getting together on the part of the Liberal and Farmer members was the attitude assumed during the contest by Hartley Dewar, K.C., the Liberal leader. There was no justification for his attacks on the Farmer candidates. They had every right to run. They practically and in principle represented Liberal and democratic viewpoints, and the results at the polls indicated that the people upheld their entrance into the political field. In these circumstances it was folly to divide the Liberal groups and to create division as between them.

Following the Ontario results, and of more particular interest in the West, is the result of the Federal by-election in Assiniboia constituency, where Hon. W. R. Motherwell was overwhelmingly defeated by C. R. Gould, the Grain Growers' candidate.

These contests should serve as a warning to those sincerely in favor of a policy of reform and fair taxation, low tariff and progressive government, of the lack of wisdom displayed in dividing the forces of those who are united in main principles. In Assiniboia, Mr. Gould has for years been an active supporter of the same principles and policies as those contended for and upheld by Mr. Motherwell. During the past ten years Mr. Gould supported and actively campaigned in behalf of the Provincial Government of Saskatchewan, of which Mr. Motherwell was a member. In 1911, Mr. Gould was an ardent supporter of Reciprocity, of which, also, Mr. Motherwell was a foremost exponent. For these reasons alone Mr. Motherwell's action in opposing him was not justified, but even had Mr. Gould been previously a Conservative, and had changed his views to conform to Liberal sentiments, the defeated candidate would still have been wrong in contesting the seat in view of the strong public sentiment which existed favoring the Grain Growers' policy and political movement.

The strength and showing of the United Farmers' movement in the East came as a surprise to all. In the Prairie Provinces the party is now thoroughly organized, and has had greater experience in political affairs, and bids fair to make every bit as great, if not a greater, showing than in the East. In these circumstances, therefore, what folly it is to divide the forces in the West largely because a very small minority of old-time Liberals will not, for purely partisan reasons, co-operate with the really Liberal Grain Growers' party. There are small groups of these old-time partisans in the East and West, who, largely for personal reasons, and principally because they cannot control or direct the new forces, refuse to co-operate. The rank-and-file Liberals, farmers or otherwise, should not tolerate this dictation or allow candidates to be foisted upon them because of these few malcontents.

The overwhelming mass of Liberals and Farmers in the West see eye to eye on main principles. Their forces should not be divided. Co-operation and harmony in political action is plain common sense if results are to be achieved. The Prairie Province Provincial Government and the great majority of the members of the Legislatures realize the facts and heartily approve of united action. They realize that in three-cornered contests the reactionary forces may win out, since division of Liberal support ensures domination by the interests of Privilege.

The platform and aims advocated by the farmers are essentially Liberal. The majority of the better class and intelligent farmers of Canada are Liberal in their views. At present the farmers, or Grain Growers' wing of Liberalism is in the ascendant, and should receive the undivided support of sane Liberals. Since that element of Liberalism is in the majority, they have the right to assume a certain measure of control and leadership. But they are fair and reasonable and desire co-operation and support. There should, therefore, be no division, and the personal views of the few Liberal reactionaries

should be disregarded. Adherence to a common-sense course of united action in the selection of well qualified candidates would ensure triumph for progressive principles at the next Federal general election.

Soothes Irritable Throat Quickly Cures Bronchitis

No Drugs to Take, No Sickening Stomach Medicine to Use

Just Breathe "Catarrhazone"

Count ten—a bad cold is relieved by Catarrhazone—wait one minute and you will feel its soothing influence on a sore irritated throat. No failure with "Catarrhazone"—it cures because you can breathe a healing vapor to the very spot that needs help.

The big thing to remember about Catarrhazone is this—you just breathe a healing piney vapor that is full of the purest balsams, that is rich in the greatest healing agents known to science.

This wonderful vapor dispels all soreness, kills all germs, gives nature a chance to complete a real cure. Colds and throat troubles can't last if the pure healing vapor of Catarrhazone is breathed. Catarrh will disappear, bronchial attacks will cease, coughs and winterills will become a thing of the past. Complete outfit lasts two months, price \$1.00; smaller size 50c. sample size 25c. all dealers, or The Catarrhazone Co., Kingston, Ont., Canada.

Sharp Practices

New Way of Selling Old Furniture in Paris

Second-hand furniture dealers in Paris have thought of a profitable scheme to sell their stocks to great advantage. A flat is rented in the aristocratic quarter of the city and filled with the finer pieces of furniture. An advertisement is inserted in the dailies that an elderly woman, widowed by the war, will sacrifice her furniture in order to get enough money to return to the country, of her birth.

A buyer visits the flat, the woman shows a bookcase, the price is agreed upon, but when the doors are opened a row of old school books is disclosed. The widow bursts into tears and explains that the books belonged to her son who left his studies to take up arms and was killed two months after he had left home. The prospective buyer consoles her, and to help her forget her grief pays her double the price asked.

International Hay And Grain Exhibit

Saskatchewan Farmers to Try for Honors at the Chicago Show
Visitors to the International Hay and Grain Exhibition to be held at Chicago in connection with the International Stock Show, November 29 to December 6, will have an opportunity of seeing some of the fine grain and other crops that are produced in Saskatchewan. The farmers in this province are arranging to send samples of wheat, oats, barley, rye and various grasses and vegetables. At the International Soil Products Exposition at Kansas City, Mo., this year Saskatchewan farmers won the sweepstakes both for wheat and oats, as well as many first and other prizes. They feel confident that they will be able to repeat these triumphs at Chicago next month.

E. J. Philippe is running the day for F. Cochrane.

F. S. Trist has bought the coal business from J. W. Howard. Mr. Howard expects to leave for Montana Dec. 1st.

Selma Lickness has been taking care of the Hardware. He left for Monitor to-day. Martin spent the week end in Monitor.

Harry Hennessey and family are moving into town. They will reside over the Hardware. We welcome them to our midst. Dr. Emmett spent the week end in Edmonton.

C. H. Hudson brother of Mrs. R. H. Sampson, who has been visiting her a couple of months left for Seattle yesterday.

Owing to the cold weather the Basket Social dated for Armistice day has been postponed. Mr. and Mrs. Kay entertained the few that were brave enough to stand the cold. Mrs. Kay gave an interesting talk of her experience in an air raid.

E. Wellar, Slim Rowen, Coffee Matthews, H. Barr, E. Philippe, Leo Bedford and Leslie Powlison have arrived home. They have been working on the C. P. R. all fall at Acme.

The Ladies Aid made over \$60 at their Chicken supper and sale on Thanksgiving Day.

We are expecting the Ladies Ball team to give an entertainment in the near future.

The regular meeting of the Ladies Aid was held at the home of Mrs. Kay on Nov. 6.

The Kirriemuir Rod X are donating some shirts and socks to the Altario Hospital.

Miss Gertrude Schon spent the week end with her parents.

F. W. Schon is improving, although he still wears a plaster cast on his leg. We hope to see him walking soon.

"PSYCHE"

Must Subscribe More

Dividing the people of Canada into three classes — the comparatively poor, the moderately wealthy, and the very wealthy — it would seem that if contributions to the Victory Loan constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1919, two hundred and seventy-one million dollars were in bonds of \$5,000 and under, ninety-four millions in bonds of between \$5,000 and \$25,000, and three hundred and one million in bonds of \$25,000 and over.

Be true to yourself. Buy Victory Bonds.

CANADA'S FUTURE DEPENDS ON LOAN

Steady Employment and Prosperity Hangs on Victory Loan.

Canada's future prosperity depends to a great extent upon the success of the Victory Loan. No country can exist upon trade within its own boundaries. Canada counts on the trade with Great Britain and other allied countries to keep the flood of goods in the country.

The surplus products of the farm and the factory and their way across the seas. The revenue of the farmer and the manufacturer is dependent on this trade relationship being sustained. The employment of many hands depends on the orders that come to the firm. The pay envelope only comes with steady employment.

Great Britain and overseas countries are still desirous of continuing trade relations, but, overwhelmed with war expenses, they must be given credits for the time being. The farmer and the manufacturer must be paid for their products and manufactured articles in cash. Therefore, Canada must finance the proposition to keep the tide of commerce coming this way. But in order to have the money on hand to do this great thing, Canada must borrow from her people.

The Victory Loan offers bonds to subscribers paying 5 1/2 per cent. interest. The guarantee behind the bonds makes them an absolutely safe investment. Victory Bonds are accepted as collateral at any bank, and can easily be turned into money at a profit. It is then to the interest of every Canadian to subscribe for all the Victory Bonds he can, for it is profitable, it is patriotic, and it is necessary for the continued prosperity of the country.

CANADA NEEDS MONEY

War Expenditures Still to Be Met From Proceeds of Victory Loan.

The war is over and won; but Canada's main expenditures for war will not be complete until well on into 1920. The \$110,000,000 raised last year has all been spent, \$400,000,000 having been largely devoted to soldiers—to maintaining them, bringing them home, providing the necessary medical services, training them. Most of the balance of the loan was lent to Great Britain to enable her to buy our surplus products. And money is still necessary — for soldiers, for providing markets, for our surplus products, for the needs of reconstruction. And that is why another Victory Loan is necessary. Canada still needs money, and needs it badly.

A Good Investment.

Speculation is one thing. Investment is another. The majority of citizens want an investment, not a speculation. And they want a safe investment. Victory Bonds fill that requirement as does no other investment. Because behind every bond there is the national wealth of Canada — a wealth so great that it staggers the imagination.

Canadian Bank Clearings.

That Canada is well able to support the Victory Loan is clearly shown by the Canadian bank clearings for the current year. They indicate that the year's total will exceed \$15,000,000,000 compared with \$13,775,000,000 in 1918. And the year's total clearings should be three times those of 1904.

The Apple As A Help to Health

Apples are without doubt the most useful all-round fruit we have. In the first place, they are cheaper than most of the fruits we get, they are wholesome and they lend themselves to a great variety of dishes. The acids and salts of apples are especially valuable in helping to purify the blood and prevent harmful accumulation. When eaten in the form of applesauce with pork, duck or goose they promote digestion, the acid in the fruit helping to digest the meat. The prices of apples did not drop as much this year as we had hoped. The Ontario crop is short. The English are so starved for apples they are willing to pay almost any price and, consequently, a large part of the Nova Scotia crop is going to England. These things tend to keep the price up. But do not feel that it is extravagant to eat apples, as many as one can afford and then some. They are good for both adults and children and will save the housewife no end of worry in planning desserts and salads.

G.G.G.

Buy your winter apples from Fergusons. 14 varieties from which to choose

It Is Very Disappointing

When a newspaper does its utmost to promote loyalty to the home concerns, to find out that many of the business firms send out of town for their stationery and printing supplies — not because they cannot get the work done just as cheap and certainly as well, in town, but just because they have contracted the habit of buying anywhere, so long as it is away from home.

We were in receipt this week of the maiden issue of the "Altario Arrow" a weekly paper published at Altario, recently Bideford. This paper is really a credit to the community it represents, i.e. Compoer, Fusilier, Kirriemuir, and Altario, and to the publisher thereof. Seldom, if ever, have we seen a cleaner or brighter sheet published in a small country village. The News extends hearty congratulations to the editor and publisher, Mr. Seabury.

Does It Hurt You To Bend Over?

This is a Sign of Kidney Weakness. But Can be Quickly Cured

Don't give up! You can be cured and made well again.

That backache and dragging weariness can be stopped for all time. Those sharp attacks when bending over, and that lameness in the morning can also be overcome.

Every ache and pain due to kidney weakness will disappear quickly once you start to use Dr. Hamilton's Pills, a marvelous remedy long ago made famous by its strange-healing effect upon the kidneys and liver.

Don't wait till that dragging pain in the loins grows worse. Start the cure today.

Delay will mean swelled ankles and limbs, aching rheumatic pains in the muscles and joints, and other painful symptoms as well.

If you are always tired, have continuous headache, dizzy spells, and speckles before your eyes, or ringing noises in the ears—these are common symptoms that warn you of the immediate need of Dr. Hamilton's Pills of Mandrake and Butterbunt. Sold in 25c boxes.

Canada's Natural Resources

Potential Wealth of Dominion Is Briefly Outlined

Area, 3,729,665 square miles. Population 8,500,000.

Compared with the United States Canada is greater in size than the United States, including Alaska, but has a population less than that in the three cities of New York, Chicago and Philadelphia.

One half of Canadians live in towns. The produce of farms, mines and fisheries are the output of a population averaging less than one man to the square mile.

The total area of land fit for tillage is estimated at 302,200,000 acres. In 1918, only one-sixth of this land (51,427,190 acres) was under crop.

Of the 454,000,000 acres comprised in Manitoba, Saskatchewan and Alberta,

but 26,000,000 are under crop and 25,000,000 under live stock. There is room for settlers on 128,000,000 acres surveyed farm lands, including 255,000,000 still open for homestead entry.

Wheat.—The Canadian Extension of the North American plain and the plains of Northern Russia are the world's reserve granaries for hard spring wheat. Famous Canadian varieties are "Red Fife," "Marquis," and "Prelude." "Marquis" has been propagated from a single plant isolated at the Ottawa Experimental Farm in 1903, and has carried all before it at International Fairs and Expositions during the past half dozen years. Record production of Canadian wheat, 374,670,000 bushels.

Oats.—The yield of harvested merchantable oats in 1917 was 382,994,000 bushels. The record yield is 428,257,000 bushels.

Fruit.—The famous fruit districts of Canada are the Annapolis Valley in Nova Scotia, the Niagara Peninsula in Ontario, and the Okanagan and other valleys in British Columbia. The market is world wide. Social conditions, the beauty of homes and the abundance of good land open attractive opportunities to prospective fruit growers.

Fish.—Market value 1917, \$2,312,044. Increase 70 per cent. in three years. Of the three great salt water fishing areas in the world, North Atlantic, North Pacific and North Sea, Canada controls one half of two.

Transportation.—Three great railway lines provide transportation across Canada. Of the total steam mileage of 38,004, the Canadian Pacific Railway operates and owns 18,627 miles. In the United States there is one mile for every 390 persons; in Canada, one mile for every 224.

Water Power.—Canada has water energy equal to nearly twenty million h.p. Of this Quebec has 6,000,000; Ontario 5,000,000; British Columbia, 3,000,000; Prairie Provinces, 4,265,000; New Brunswick, 3,000,000; Nova Scotia, 100,000; Yukon 100,000, and Prince Edward Island, 3,000. Ninety per cent. of the 20,000,000 is still running to waste.

Coal.—Canada has the only two coal regions on the sea coasts of North America. The bituminous coal of Nova Scotia is estimated to last 700 years; that of Vancouver Island has been successfully operated since 1860.

The estimated coal reserves of the province of Alberta runs to over 1,100 billion tons, a small proportion being anthracite, while the total resources of Canada approximate 1,360 billion tons, the second country in point of supply in the world.

Forestry.—Next to Russia and the United States, Canada has the largest forest reserves in the world. Care is taken to preserve the timber supply by airplane scouting, wireless, telegraphy, portable power pumps, replanting, forest product laboratories, stricter legislation and Dominion and provincial reserves.

The total area of land covered by timber in Canada is estimated at between 500 and 600 million acres. Commercial timber covers 225,000 acres. Most of the balance is growth suitable for pulpwood. In 1908, 64 per cent. of Canada's cut of pulpwood was exported raw, the balance manu-

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds — one day is warm, the next is wet and cold, and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent colds, or if they come on suddenly the prompt use of the Tablets will quickly relieve it. The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Williams' Medicine Co., Brockville, Ont.

factured; in 1917, 70.4 per cent. was manufactured, the balance exported. Canada produces per day 2,400 tons of newspaper alone. So far there is no factory in Canada producing textile goods such as cordage, carpeting, sacks or garments from paper yarn.

Minerals.—Only the Southern and western fringe of the Dominion has been prospected, and but in part. In northern extensions of known mineral belts similar deposits must occur.

Gold production in Canada for the year 1917 amounted to \$15,449,426; Silver, \$18,034,411; copper, \$29,588,254; Nickel, a production of 84,470,170 lbs., worth 40 per lb.; lead bullion and recoverable from ores exported, value \$3,571,889; asbestos, 8 per cent. of the world's needs, etc.

Furs.—In the 42nd year since Capt. first took furs from Canada to Henry VIII., the value of raw furs exported was \$8,600,000. Canadian fur-farmers now breed silver, black, red and blue foxes, Persian lamb, racoon, mink, marten and skunk.

The herd of 500 wood buffalo still roaming between Lake Athabasca and the Rocky Mountains is the last wild herd of the continent. The government herd of plains buffalo in the park at Wainwright, Alberta, now numbers 3,500.

The musk ox, a stone age animal, still survives in Arctic Canada only. Herds supply wool, milk and beef. These animals graze in the open all the year round, need no hay or barns and are comparatively tame. There are one million square miles of suitable feeding grounds.

Building Activity Continues

Number of Buildings Being Erected Keeping the Trade Busy

Building activity continues very brisk in the cities of Western Canada. Scarcely a day passes without the announcement of some new permits being granted. These are mostly for residences, warehouses and office buildings. Although there are no very large undertakings, the number of small buildings being erected is keeping the trade busy. In Regina permits were granted in one day for the erection of a building for a bank and another for a warehouse. The estimated cost of these two buildings is about \$90,000. In Winnipeg on the same day permits aggregating the same value were issued. As already mentioned, these enterprises are not very large, but the regularity with which similar work has been undertaken throughout the year has tended to keep the trade active.

Civilians Buying Aeroplanes

In the last three months more than 500 persons in the United States have either purchased or ordered airplanes and were the manufacturers able to deliver planes more than 500 more orders would be booked. Henry Woodhouse, vice-president of the Aerial League of America, says that it is unfortunate that the makers cannot fill their orders. He gives it as his belief that more than 2,000 machines for pleasure could be sold immediately.

MURINE Rests, Refreshes, Soothes. Keeps your Eyes Strong and Healthy. If they are Smart, Itchy, or Burn, It Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Murine Company, Chicago, U.S.A.

Old Age Deferred

BY DR. LES H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel foggy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid as hot tea dissolves sugar.

CROWN BRAND CORN SYRUP

The Syrup for Pancakes

A golden stream of Crown Brand Corn Syrup is the most delicious touch you can give to Pancakes!

In the Kitchen, there is a constant call for Crown Brand Corn Syrup for making puddings, candies, cakes, etc.

Sad the day when you are too big to enjoy a slice of bread spread thick with Crown Brand!

Could that day ever come?

Ward it off! Grace your table daily with a generous jug of Crown Brand Corn Syrup, ready for the dozen desserts and dishes it will truly "crown".

Sold by Grocers everywhere—in 2, 5, 10, and 20 pound tins.

The Canada Starch Co. Limited Montreal

SMITH GOT WISE

A sore corn, he said was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Painless Corn Extractor, and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extractor, 25c at all dealers.

Plotters Were Foiled

Pretentious Plot of Bolsheviks Ends In a Fizzle

Bolshevik plans for the seizure of Whitehall and of Westminster were laid early during the present year, it has just been disclosed. A number of extremists, most of whom are still engaged in Bolshevik propaganda in England, and in the United States, met and discussed the plans for this pretentious undertaking, which they hoped would be executed by a so-called sailors' and soldiers' union.

One of the plotters since has been sent to prison, where he is still serving a sentence for having made revolutionary speeches. The plot came to naught because of lack of support and the watchfulness of the authorities.

If time is money there is no use in a man spending so much time trying to borrow a little cash.

A New Code

First Barber.—That was a bad cut you gave that old man while shaving him.

Second Barber.—Oh, there's a reason for it. I'm cutting his maid, and that cut will let her know that I can meet her this evening.—Dallas News.

Last year the Indians had under crop \$2,421 acres of land, an increase of 11,733 acres over the area cropped in 1917. Last year the value of the Indians' farm products, including hay, amounted to \$2,834,149.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin—marked with the name "Bayer" or you are not taking Aspirin at all. "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine-tenths of the world's ailments. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer." You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monrovia, California. While it is well known that Aspirin means Bayer Manufacturing, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Labor Decides on Hours of Work

Washington. — After nearly five hours of constant fighting, the international labor conference adopted the 48-hour week convention of the organizing committee as a "basis for discussion." But as to exactly what that means the delegates are not agreed. Does adoption of the motion confine discussion to the application of the 48-hour week, or will amendments be admitted for a maximum eight-hour day and the 48-hour week? That is the question all sides are asking.

The vote came on a motion presented by Mr. Barnes, British government delegate, that "the draft convention prepared by the organizing committee be adopted by the conference as the basis for discussion," with reference to a special committee of matters concerning its application to tropical and other specified countries.

Originally, Mr. Barnes' motion reads: "The draft convention on the 48-hour week," but an amendment by Mr. Fontaine, French Government delegate, struck the words "48-hour week" from the motion, and, as amended, it was adopted by 55 to 2.

Mr. Rowell and Mr. Acland, Canadian Government delegates, and Mr. Parsons, Canadian employers' delegate, voted for the motion.

Mr. Draper, Canadian workers' delegate, voted against it. The other vote against it was that of Sam Gompers, president of the American Federation of Labor.

Russian Government Must Change

Allies Will Continue Economic Pressure Till Democratic Government Is Formed

London. — The present measures of economic pressure on Russia will continue until a democratic government is established in Russia which can be recognized by the allies, according to a statement made in the House of Commons by Under Secretary for Foreign Affairs Harmsworth.

Kaiser is Well Punished

King George Gives Missionary His Views of ex-Empress of Germany

London. — King George gave his view of the former German emperor in the course of an audience with a missionary from Armenia, Archibald Forster.

When the missionary told the story of his captivity of four years, saying that the troubles had all been instigated by the Germans, the King replied: "Well, they are finished now. The Kaiser has had to run away from his own country. He is well punished for all he did."

"SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Judgment Reserved On Pork Prices

Decision of Board of Commerce on Packers' Protest Will Be Announced Shortly

Ottawa. — The decision of the Board of Commerce as to whether the price prevailing on March 10 for pork products will apply at the present time or not will be made in writing shortly. After hearing representations from the packers, who are seeking to have the board rescind its order fixing prices at the March level, Commissioners Robson, O'Connor and Murdoch reserved judgment. Commissioner Murdoch stated to J. S. McLean, representing the Harris Abattoir company, his firm conviction that the packers and not the farmers fixed the price of livestock. This contention Mr. McLean disputed.

French Defeat Turks

London.—Turkish forces have been defeated by French troops in Angora (in Asiatic Turkey, 200 miles east of Constantinople), according to a Constantinople dispatch. The Turks delivered a heavy attack, but were repulsed, after several hours' fighting. The French hospital train also was reported to have been attacked by troops under Mastapha Kemal.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy while the nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. In it they wonder, then, that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, are weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Imperial's to Pass Through Canada

Veterans of Winnipeg Are Planning Reception for Them

Winnipeg.—In a day or two, three thousand British soldiers will be passing through the West on their way home from Siberia. They will arrive at the coast on the Montague. As this is the largest party to come across Canada, Winnipeg returned soldiers and their auxiliaries are going to meet them with some cheer as a mark of appreciation of the worth of the imperial army to the Empire.

50 Schooners for Dominion Govt.

Victoria.—It is reported here that the Dominion Government plans to place contracts for fifty wooden schooners with British Columbia shipyards. According to the report, 25 of the ships will be constructed at this port and the other half will be turned out by yards on the mainland.

Peace Treaty Effective November 28

Paris.—The treaty of Versailles and the peace settlement with Germany will become effective, it is asserted in well informed circles, on November 28.

The signature of the protocol and the exchange of ratifications between Germany and such allies powers as have then ratified the treaty will take place on that date, it is reported.

W. N. U. 1289

Government Rejects Offer of Miners

First Meeting of Peace League

Date Has Not Yet Been Fixed For Gathering

Paris. — The first meeting of the council of the League of Nations will be held in Paris, the supreme council has decided. It did not, however, fix a date for the gathering.

It was agreed that the council of the world body should consider at the meeting only matters which must be passed upon immediately after the formal ratification of the German peace treaty.

The supreme council discussed its own uncompleted work preparatory to deciding upon exactly what questions must be passed upon before the peace conference ends.

Fuel is Held Up

Coal Shipments From U.S. to Be Allowed Firms on Priority List

Toronto. — Although coal consigned to Canada has been held up at the border, H. A. Harrington, Ontario fuel administrator, had been advised that shipments will be permitted to come forward for industries on the priority list, which are in immediate need.

Mr. Harrington has received the following message from Washington in this connection:

"The United States Railroad administration has seized all coal on wheels, which has been sidetracked pending distribution under priority schedule. The director of purchases of the United States railroad administration will have charge of the distribution. It is essential that you get absolute proof that the preferred industries are in immediate need of coal upon receipt of which information the administration will take up the advisability of immediate release to preferred industries, according to priority list."

Enemy Delegates' Passage Arranged Washington. — The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Love's young dream is all right until the matrimonial alarm clock goes off and causes a rude awakening.

Washington. — Organized labor's proposal for ending the coal strike through withdrawal of injunction proceedings against officials of the United Mine Workers of America was bluntly rejected here by the department of justice.

The government's answer to the union's suggestion, advanced by Sam Gompers, president of the American Federation of Labor, was given by Assistant Attorney-General Ames, who declared the strike in itself was a violation of the law, and that as long as it continued the only place to fight it out was in court.

The labor leaders were visibly disturbed by this refusal, and agreed with the operators on one point — that the statement of the government's position swept away all hope of immediate settlement of the strike, involving more than 400,000 soft coal miners, in twenty-eight states.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests, which merely makes the corn grow hard. This suicidal habit may cause lockjaw, and women are warned to stop it.

A few drops of a drug called frezone applied directly upon a sore corn gives quick relief, and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of frezone, which costs very little, but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

Victory Loan Popular in U.S. Toronto.—United States citizens have a keen appreciation of the value of Victory Bonds. Subscriptions from the other side of the border up to a few days ago totalled \$2,281,550, two millions more than was collected last year in the entire campaign.

Prince Drives Own Train

Montreal. — At Flavell, twenty miles west of Trenton, the Prince of Wales boarded the locomotive of the Canadian Pacific railway train and personally drove the train into Trenton.

Bovrilise your cookery

Bovril gives richness and flavour to soups, gravies, and all made dishes. When you are cooking, keep the bottle where you can see it. Bovril not only makes the dish more enjoyable, but also gives it additional food value.

The body-building power of Bovril has been proved by independent scientific investigation to be from 10 to 20 times the amount taken.

Use Bovril in your cookery

BOVRIL

Make Your Dreams Come True

Fond parents dream of a bright future for their children.

—or even partly true—requires foresight, planning and money.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year?

But to make these dreams come true

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy

Buy Victory Bonds For Your Children

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

21 Canada Life Building, Calgary, Alta.

Would you lend a soldier \$50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

If you appreciate a good investment you will buy a Victory Bond.

You decide no one but yourself when you say you can't afford a Victory Bond.

Credits Must Be Established for Sale of Surplus Products.

Success of Victory Loan Will Insure Steady Markets for Farmers

It takes some six bushels of wheat to feed the average person in Canada annually. Roughly, therefore, the eight million people here consume about 50,000,000 bushels each year. But even in a poor year the crop is some five times that amount, and the surplus must be sold if the farmers are to get a return for their time and labor. But the sale of the crop must be financed. Great Britain, which provides our greatest market, has not the ready cash, also so Canada must find means of raising the money. Hence the Victory Loan, 1919, in view of the fact that the prosperity of the Dominion is dependent to a considerable extent upon the sale of her surplus grain for the necessity of the money being forthcoming is patent.

Your dollar may be the last straw that sweeps the Victory Loan over the top. Would you take the chance of making it a failure?

Lend your money that your pay envelope may be always filled, as will follow the success of the Victory Loan.

Victory Bonds are the fodder that keeps the machinery of Canada's industrial world running at full speed.

Hall and District
Rest Room.

Monitor Branch G. W. V. A. wish to announce that on and after Saturday November 15th (they will be pleased to welcome the public in their new quarters (The old orange Hall on main street) which is now being re-modeled. The front part of this building has been set aside as a District Rest Room for the accommodation of everyone visiting Monitor and we wish to extend to all a hearty invitation to use this room as their own while in town.

We take great pleasure in inviting Stonelaw and Sounding Lake U. F. A., the O. N. O. Girls Club, and any other similar organizations upon application to use this room as a meeting room at any time. We the Returned Soldiers of this district feel that we owe a large amount of gratitude to Monitor for her past patriotic actions and deeds during four years of warfare and so we take this opportunity of showing a small percentage of our gratitude in supplying a long felt want in the district. Come and make yourselves at home. There will always be a warm fire and warmer welcome from the boys.

To commence with, this Rest Room will be open on Mondays, Fridays and Saturdays.

Yours truly

Monitor G. W. V. A.

TO CARE FOR WOUNDED

Money From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France faced perils other than those of shell and gas and machine-gun fire. There was the peril of tuberculosis. Up to August last 3,999 soldiers suffering from this disease had been returned to Canada. These were placed in sanatoriums under the direction of the Department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that must be maintained, and come under the head of capital war outlay.

All of these men and some 20,000 others, disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money is forthcoming.

Sam Lee : Prop.

OPTOMETRY IN THE SCHOOL

Vision is the chief medium in becoming educated. Many children in school are at a great disadvantage because of their refractive errors, which in most cases can readily be corrected. Many children dislike school because of the ocular effort they must make in studying from books, so in time they are classed as stupid, while the truth is that ocular effort is uncomfortable and so childlike they do as little eye work as they can, and this of course means retarded progress in school.

The scholar who is handicapped because of an ocular error is sure to lose ground as his companion advances and this in time puts him into a class with those who are much younger and here he is very much out of reach.

It should be part of the routine of schools for optometrists to test the eyes of all scholars every year and thus find those who are at a disadvantage because of their eyes; in some cases because the refractive error will not permit of good vision; in others because though the refractive error is overcome the result is eye strain, interfering with normal attention and application to school work.

It is claimed that the ciliary muscle of a child is so active that only high refractive errors should be corrected, but the strain on the eyes of school children is caused by near work and there are many cases where glasses to wear during school are called for if the scholar is to have a fair deal and the state or city is to keep the cost of its educational system down to a minimum.
